

## About us:

The Preprimary section of Azaan Gems International School is where the children begin their early learning. We set standards and goals in areas of academics, sports, discipline and leadership.

At Azaan Gems a child is encouraged to be curious and question without hesitation. He or she is motivated to develop mentally physically, emotionally and spiritually.

The forte of any curriculum is analysed by its assessment.

Azaan Gems boost of an extensive comprehensive and continuous evaluation.

## Founder's Message

I always ponder upon how we could best serve our community and what unique gifts we could offer. At Azaan we focus on academic excellence and its biggest strength is the manner in which Divine Sciences and Acquired Sciences are integrated in preparing the students to face the challenges of the future.

Skills like creativity, flexibility, self-direction, memorizing the Glorious Qur'an is possible because of the ambience and competitive spirit in Azaan's atmosphere which is encouraging and joyful. None of this happens by chance but, it is the result of hard work, planning and time and effort on the part of our students, advisers and mentors. Support from parents is appreciable.

### Republic Day

Ingraining national fervour and a spirit of patriotism is an important task for us at AZAAN GEMS.

### Surah Recitation Competition

"Surah recitation competition" had multipurpose effects in learning, practising tajweed, enhancing memory power and performing in front of a crowd.

### Little Chef Competition

The gems of the school took up the new role of chefs as they participated in the Little Chef Competition. It aims towards developing the art of sharing, mannerism of serving and the pride of participating. Students presented the dishes in an appetizing way and made it look scrumptious.

### Quality Audit Certificate Award

Azaan family worked with dedication, enthusiasm and insight to achieve the **Quality Audit Certificate Award** Azaan Gems International School conducted by early Childhood Association, India. The efforts were completely worth it. This award is surely deserved has and given an opportunity to climb greater heights.

Congratulations to the management, staff and students for this wonderful achievement.

## About Us:

**Azaan** is among the first of the schools to establish an institution where students could gain knowledge of the Deen and Duniya. It was considered a fresh and new idea. More than 13 years later, this concept has been accepted and implemented universally. We offer every child the opportunity to reach to their full potential through our regular Tarbiyah programmes and value education classes.

## VISION:

To develop role models with piety and success.

## MISSION:

To develop individuals with skills and values to lead the world for the pleasure of the Creator.

## علم کی اہمیت

انسان کی زندگی میں علم کی غیر معمولی اہمیت ہے۔ علم ایک نور ہے جس سے جہالت کی تاریکیاں چھٹ جاتی ہیں علم سے بصیرت میں توانائی اور کردار میں پختگی آتی ہے۔ ہماری ترقی کا گہوار صرف علم ہے۔ اسکی وجہ سے انسان تہذیب و ترقی کے آسمان پر پرواز کر رہا ہے یہ انسان کے لیے چراغ ہدایت ہے۔ ہر ایک کو علم و ادب کا مطالعہ کرنا چاہیے۔ علم کو صرف کتابوں تک ہی محفوظ نہ رکھا جائے بلکہ حاصل کیے گئے علم کو عمل کے سانچے میں ڈھالا جائے ہماری تمام مادی اور روحانی ترقیات کا انحصار اسی پر ہے۔

## Fun And Excitement

My school had organized a picnic to Wild Waters on 12th February. We were super excited about the trip. We went to the water slides and the swimming pool. It was amazing floating around the waves. We splashed at each other and swam around the waves. We also had a sumptuous lunch. Overall the experience was enjoyable. The staff was friendly and did their best to monitor us for making us feel safe.

**Alhamdulillah, by the Almighty's grace Azaan has produced 15 huffaz this year which is a great achievement.**

### Honesty Saves Everyone's Time

The highest level of quality in human character is honesty. It is believed that honest persons have no worries which means he is free from various diseases.

Leaders who are honest create opportunities for their followers thus bringing trust.

Honesty tests people in several aspects of life.

If we want to see the power of truth, deal with people honestly without any strategies but only by heart.

Mehreen Ali (Co-ordinator)

### Appreciation Works Wonders

Some of us believe that the effects of praise are not always good. It can also harm a child by making them over confident. So what's the right way to praise? Praise can be a powerful motivating force if it is sincere, specific and it is for the achievement. Praise a kid to focus on mastering the skills not on comparing themselves to others.
